

Dear Colleagues,

We are pleased to announce the 6<sup>th</sup> MECMATPLA Winter School.

This year it will be focused on **Matter in Extreme Conditions for MAGneTized PLAsmas** under the IRN project *Magnetized HED Physics on large scale facilities* will be held March 8-13 2026, at Montgenèvre, [Village Club du Soleil](#), France.

[Montgenèvre](#) is a beautiful village in the French Alps, near the Italian border.

The school website <https://luli.cnrs.fr/mecmatpla/> will provide most of the necessary information about important dates, the conference program, the meeting venue and the registration.

Registration will be opened on September 15<sup>th</sup> 2025.  
The number of participants is limited to 90.

**Please advertise this announcement**

School Committee

S. LePape, R. Kodama, P. Norreys, S. Pascarelli, G. Collins, F. Dorchie

Chair of the School: M. Bethkenhagen

Local Organization Committee: M. Bethkenhagen, M. Koenig,  
[mandy.bethkenhagen@polytechnique.edu](mailto:mandy.bethkenhagen@polytechnique.edu)

This School is strongly supported by:  
the CNRS IRN: *Magnetized HED Physics on large scale facilities*  
the CEA, Ecole Polytechnique, Osaka University, Japan Society for the Promotion of Science (JSPS) Core-to-Core Program, Blue Laser Fusion, and [PLAS@PAR](#)
